The New Crystalline Frequencies of the Heart

How these new energies expand the awareness of the Mission of the Netherlands and your own soul Purpose!

in this incarnation.

The frequencies of the Goddess has increased in 2018 and this has led to a huge transformation in the heart. During my stay in Holland in the spring of 2018 I also experienced an initiation with Lightbeings from a planet of crystalline frequencies.

This initiation has blossomed in my heart and continues to do so. I would so love

to share these experiences with you, as I feel they will assist everyone in deepening

the gentleness, the tenderness and the compassion of the heart. Quan Yin and Sanat Kumara will be assisting in this activation as well as the new frequencies of the Elohim angels, Perseus and Rodakina. These new crystalline vibrations of the Heart are so exquisite and refined, they can shine new light upon the Mission of the Netherlands on a global scale and on the personal soul purpose of each participant as well. This is very exciting to be more aware of our roles on Earth

In various initiations, Jhadten guides participants into the experience of these new energies of their souls, that perhaps they have never experienced in a physical embodiment before. The work with sound and partner exercises will deepen these experiences and make them more lasting. It is crucial to integrate these experiences as tools into our everyday lives.

There are two qualities that are central to the experience of these new energies. The first is a new kind of silence that seems to accompany us like a good friend throughout the day without ever really leaving us no matter what we are experiencing. The second is a gentle sweet motivating enthusiasm that carries us effortlessly through all of our daily chores no matter how challenging. The highlight perhaps of all of these experiences is a new connection with the Earth Realms and a more expanded connection through the crown chakra to all of our soul energy, interdimensional and multifaceted.

You will also experience a new level of awareness within the crystalline structures of the Cities of Light and the crystal Matrix of the Purpose of the Netherlands on a global scale.

*The City of Light Deurne will also be activated in this workshop. This will enable the expansion into these new frequencies of crystalline Radiance!
Namaste.*
